ABS Printer Inlay for printer HP DJ 460

Perfect printer fastening for DataConcept 460 and DataConcept 460 Trolley

The printer fastening ABS Printer Inlay, which was specially designed for the case solutions DataConcept and DataConcept Trolley, provides the printer with a safe stand during transport or on the job thanks to its high-class material (ABS synthetics) as well as its stable form. Thanks to its high functionality ABS Printer Inlay supports the flexible usage on the go. The printer fastening is attached by means of a Velcro band in the designated printer compartment of the DataConcept or DataConcept Trolley. This ensures that the printer has a fixed position, thus protection it from possible damage during transport. Additionally, the sophisticated construction simplifies the installation and removal of the printer. Furthermore, ABS Printer Inlay features a mounted cable box with detachable lid in which the USB printer cable and the power supply unit can be tucked away and which helps save room. A USB printer cable is included in the scope of supply of ABS Printer Inlay.

Art. Nr.: Z14398Z (black)
Material: ABS synthetics
